Recycling Information for Commercial Customers

Compost Program

Think there isn't anything you can compost? Think again!

Don't send your food scraps and landscape material to the landfill; compost them instead. We encourage you to start composting at your business or facility. A successful program can help **reduce garbage fees**, save landfill space and close the loop by returning food scraps back to the earth. Your bottom line *and* the environment will benefit.

Compost collection services are offered at a **REDUCED rate**.

You CAN Compost:

- Food and kitchen prep scraps, spoiled and leftover food
- Food and beverage soiled paper products
- Coffee grounds and filters
- Waxed paper and cardboard
- Wooden produce crates and pallets
- Yard trimmings, leaves, flowers and branches

Single-Stream Recycling

You can now place all of your recyclables into one container.

Commercial customers that subscribe to garbage collection service are entitled to Single-Stream recycling service at no additional charge.

By increasing recycling and reducing your garbage, it's possible to lower your garbage service level, which may result in cost savings. You can also show your customers, employees or tenants that you care about your impact on the environment and increase your visibility as a community leader. That is an opportunity you can't afford to pass up, which is why recycling is truly SMART business!

You CAN Recycle:

- Cardboard
- Glass bottles and jars
- Plastic containers numbered 1-7
- Milk and juice cartons
- Metal cans
- Office paper, newspaper, junk mail, magazines, phone books, soft cover books
- Small scrap metal
- Shredded paper (in clear, sealed plastic bags and placed in the Recycle Cart or Bin)
