ADDITIONAL SUMMER PUBLIC TOURS OFFERED AT THE SHOREWAY ENVIRONMENTAL CENTER IN SAN CARLOS

Extra Free Tours Added for the General Public and Businesses in June and July

SAN CARLOS, CA – June 9, 2014 – RethinkWaste is pleased to announce that for the second year in a row, additional Public Open House Day tours will be held at the Shoreway Environmental Center in San Carlos this summer to give the general public and local businesses more opportunities to see the facility in operation. Public Open House Day tours will take place June 19, June 26, July 3, July 10, July 17, July 24 and July 31. Tours will be held twice on each of the Public Open House Day, from 9:30 – 10:30 am and 11:30 am – 12:30 pm. There will be no public tours in August.

The free tour includes visiting the Transfer Station, where garbage, food scraps and yard trimmings are handled; outdoor education area, with a demonstration garden and composting system, rainwater harvest tank and solar panel display; a state-of-art Materials Recovery Facility (MRF), where recyclables are processed; the Environmental Education Center, which includes museum-quality exhibits, reuse art and a talking robot; and more. Tour participants will learn about the 4Rs (reduce, reuse, recycle and rot), resource conservation and have the unique opportunity to see firsthand what happens to garbage, recyclables and organics once they are picked up from their homes and businesses.

“We are excited to offer again the additional public tours in the summer in an effort to give everyone ample opportunities to visit and tour the facility,” said Faustina Mututa, RethinkWaste Environmental Education Coordinator. “It’s an educational tour that is fun and a great way to spend a couple of hours learning how to be better environmental stewards in an engaged, interactive way.”

The Shoreway Environmental Center is located at 333 Shoreway Road in San Carlos. Tours and reservations can be made by sending an email to tours@RethinkWaste.org or calling (650) 802-3506. All tours will be scheduled on a first-come, first-served basis. Reservations for groups of five or more are required. Individual reservations are also recommended to ensure space availability. For more information on the tour program, please visit <http://www.rethinkwaste.org/shoreway-facility/tours>.
